Water
Sugar/Sweetener/Honey

1. SWEET SENSATION Boil the kettle. Place a pot over a medium-high heat with 3-4cm of boiling water covering the base. Once steaming, place the sweet potato pieces in a colander over the pot. Cover and allow to steam for 15-20 minutes until cooked through and soft. Alternatively, use a steamer if you have one.

2. PICKLE MOMENT In a bowl, add the vinegar, 10ml of a sweetener of choice, and 20ml of water. Mix until the sweetener is fully dissolved. Add the sliced onion, toss until fully coated, and set aside to pickle.

3. FISHCAKE FRENZY When the sweet potato has 5-7 minutes remaining, place a pan over a medium-high heat with enough oil to cover the base. When hot, fry the crumbed fishcakes for 2-3 minutes per side until golden and crisp (don't worry, they are precooked). Remove from the pan on completion, season, and drain on paper towel.

4. SALAD STEP When the sweet potato is done, place in a bowl. Add the creamy mayo, ½ the chopped dill, and seasoning. Mix until fully combined and set aside. Drain and discard the pickling liquid from the onions. Place the sweet chilli in a bowl and loosen with a splash of water or oil. Add the drained pickled onions, the cucumber chunks, ½ the picked mint, and seasoning. Mix until fully combined.

5. WOWZERS! Make a bed of the rinsed green leaves and top with the sweet chilli cucumber salad. Side with the creamy sweet potato and the fishcakes. Sprinkle over the remaining dill and mint. Yum, Chef!
