1. OPENING ACT Boil the kettle. Place the pumpkin seeds in a pan over medium heat. Toast until browned, 3-5 minutes (shifting occasionally). Set aside to cool. Fill a pot with boiling water, add a pinch of salt, and place over a high heat. Once bubbling, cook the gnocchi until they float to the

surface, 1-2 minutes. Drain, reserving the pasta water, and toss through

a drizzle of olive oil.

2. NEXT UP Return the pan to medium heat with a drizzle of oil. When hot, fry the diced onion until soft, 6-8 minutes (shifting occasionally). Add the chopped carrot and a splash of water. Simmer until the carrot is al dente and the water has been absorbed, 5-6 minutes. In the final minute, add the grated garlic and sauté until fragrant, 1-2 minutes. Mix in the cooked chopped tomato and 400ml of water. Bring to the boil. Reduce the heat and simmer for 10-12 minutes, (stirring occasionally).

3. MEANWHILE... Place a second pan over medium heat. When hot, fry the bacon until cooked but not too crispy, 2 minutes per side. Set aside to drain on paper towel. Return the pan, wiped down, to medium heat with a knob of butter and a small drizzle of oil. Once foaming, fry the gnocchi in a single layer until crispy, 4-5 minutes, shifting as they colour. Do this step in batches to avoid overcrowding the pan. Remove the pan from the heat. Roughly chop the bacon.

4. FINALE! Once the sauce has simmered, remove from the heat. Stir in the rinsed spinach, 3/4 of the bacon and the fried gnocchi. If the sauce is too thick, gradually mix in the reserved gnocchi water until the desired consistency. Add a sweetener (to taste), and seasoning. Remove from the heat.

5. THE TASTE OF A WARM SUNSET Help yourself to bacon ragu gnocchi. Sprinkle over the grated cheese and the remaining bacon. Garnish with the toasted seeds and chopped parsley. Magnificent!

Make sure you use a large enough pot to boil the gnocchi, so that they don't end up sticking together from overcrowding. You can boil them in batches if necessary.
