1	Spring Onion <i>finely sliced, keeping the white &amp; green parts separate</i>

## From Your Kitchen

Oil (cooking, olive or coconut)  
Salt & Pepper  
Water

**1. GOLDEN GRAINS** Rinse the quinoa & lentil mix and place in a pot with the golden stock. Submerge in 400ml of water and stir through. Pop on a lid, place over a medium-high heat, and bring to a simmer. Cook for 12-15 minutes until the quinoa is tender and its tails have popped out and the red split lentils are soft, adding more water if required during cooking. On completion, drain if necessary and return to the pot. Keep the lid on and allow to stand off the heat for at least 5 minutes.

**2. DREAMY CREAMY CORN** Place a pan over a medium-high heat with a drizzle of oil. Once hot, add the corn and fry for 4-5 minutes until browning. Add the grated garlic, grated ginger, chopped chilli (to taste), and spring onion whites and fry for 1-2 minutes until fragrant, shifting constantly. Mix in the coconut milk, 15ml of water and stir until combined. Reduce the heat to low and simmer for 3-5 minutes until slightly reduced. On completion, remove from the heat, season to taste and place in a bowl. Cover to keep warm.

**3. TOASTY ROTIS** Return the pan to a medium heat, wiping it down if necessary. When hot, warm the rotis for about 30-60 seconds per side until heated through and lightly toasted. Alternatively, spread them out on a plate in a single layer and heat up in the microwave for 30-60 seconds. Once heated, stack on a plate on top of one another and cover with a tea towel to keep warm.

**4. ALMOST THERE...** When the quinoa and lentils are done, add the creamed corn mixture to the pot along with some lemon zest to taste and some seasoning. Mix until fully combined.

**5. TIME TO DINE** Lay down the warm rotis and pile on the creamed corn and grain mix. Top with the crispy onions, spring onion greens and chopped coriander and a squeeze of lemon juice. Serve with any remaining lemon wedges and get stuck in!
