1. ROASTY GOODNESS Preheat the oven to 200°C. Place the whole, unpeeled garlic cloves on a roasting tray and pop in the hot oven for 10-15 minutes until soft.

2. WILTED CABBAGE Place a pan over a medium heat with a drizzle of oil. When hot, fry the sliced cabbage for 2-4 minutes until slightly wilted. Season to taste.

3. FANTASTIC FRITTERS Place the grated baby marrow in a clean tea towel. Close up tightly and squeeze out as much liquid as possible from the baby marrow. Discard the liquid and place the drained baby marrow in a bowl. Add ½ the grated cheese, the baking powder, the ground almond, seasoning, ½ the chopped chives, the wilted cabbage, and 2 eggs. Mix until fully combined. Add a splash of water if the mixture is not coming together.

4. BAKE THE FRITTERS Lightly grease a baking tray with a drizzle of oil. Scoop 2 tbsp of the fritter mixture onto the tray. Flatten slightly with the back of a spoon. Repeat with the remaining mixture, leaving a 1cm gap between each fritter. You may need 2 baking trays. On completion, drizzle the fritters with oil. Pop in the hot oven and bake for 15-20 minutes, flipping halfway, until golden and cooked through.

5. WHIPPED FETA When the garlic is done, carefully squeeze out the flesh into a blender. Add the yoghurt and the drained feta. Pulse until smooth, adding a drizzle of oil if necessary. Season to taste. In a salad bowl, toss the rinsed green leaves, the quartered baby tomatoes, a drizzle of oil, and seasoning.

6. FRITTER FIESTA! Pile up the baked baby marrow fritters. Top with the chopped smoked trout ribbons and dollop with the whipped feta. Side with the fresh salad and sprinkle over the remaining chives and grated cheese. Stunning, Chef!

Chef's Tip

To extract the liquid from the grated baby marrow, a clean kitchen towel is the most effective thing to use. You want it to be as dry as possible so that it doesn't add any extra liquid to the fritter mixture!
