## From Your Kitchen

Oil (cooking, olive or coconut)  
Salt & Pepper  
Water  
Paper Towel  
Sugar/Sweetener/Honey

**1. BOUNCY BLACK QUINOA** Rinse the quinoa and place in a pot with the stock. Submerge in 1,5L of water and stir through. Place over a medium-high heat, cover, and bring to a simmer. Cook for 20-25 minutes until the quinoa is tender and its tails have popped out, adding more water if required during cooking. On completion, drain if necessary and return to the pot. Replace the lid and allow to stand off the heat for at least 5 minutes.

**2. SEEDS & SUMAC MAYO** Boil the kettle. Place the sunflower seeds in a large, deep pan over a medium heat. Toast for 2-4 minutes until lightly browned, shifting occasionally. Remove from the pan on completion and set aside to cool. Place 40ml of sumac in a small bowl and mix in 2 tbsp of boiling water. Allow to soften for 2 minutes. Mix in the mayo until well combined. Season to taste with salt and set aside for serving.

**3. A SALAD WITH SASS!** In a large salad bowl, whisk together the vinegar, 20ml of a sweetener of choice, the thyme, and a generous drizzle of olive oil. Toss through the sliced cabbage,  $\frac{3}{4}$  of the sliced spring onion, and  $\frac{3}{4}$  of the toasted seeds. Season and set aside.

**4. GET SLICING** Slice the rinsed apples into thin matchsticks and add to the bowl of cabbage. Toss to combine, season, and set aside for serving.

**5. SENSATIONAL SQUID** Place the flour in a dish and season lightly. Return the pan to a high heat with 5-6cm of oil covering the base. Rinse the squid to remove any residue from the packet and pat dry with paper towel. Thoroughly coat in the flour, gently shaking off any excess on completion. When the oil is hot, fry the squid in batches for 2-4 minutes per batch until cooked through and crispy. (Use tongs if you have them!) Remove from the pan on completion and place on some paper towel to drain. Season to taste with salt and the remaining sumac.

**6. SPECTACULAR SQUID SALAD** Pile up the fluffy black quinoa and top with the zingy cabbage. Scatter over the crispy squid and generously drizzle with the sumac mayo. Finish it off with sprinklings of the remaining seeds and spring onion. Serve the remaining mayo on the side for dunking. Wow, Chef!

## Chef's Tip

To make sure the squid gets crispy, don't overcrowd the pan when frying — do this step in batches if necessary. We recommend using an oil with a neutral flavour, like sunflower or canola.
