From Your Kitchen

Oil (cooking, olive or coconut)
Salt & Pepper
Water
Butter (optional)
Sugar/Sweetener/Honey

1. CRISPY FRIES Preheat the oven to 200°C. Generously cover the base of a roasting tray in oil. Add the potato chips, season well, and toss until coated. Spread out in a single layer and roast in the hot oven for 35-40 minutes until cooked through and crispy. At the halfway mark, gently shift the chips and drain any excess oil – lose it or reuse it! Return to the oven for the remaining roasting time.

2. PICKLED VEG & MAYO In a bowl, add the rice wine vinegar, 25ml of a sweetener of choice, and some seasoning. Mix until the sweetener has fully dissolved. Add the cucumber matchsticks. Toss until fully coated and set aside to pickle. Loosen the kewpie mayo with a splash of water.

3. NORI TIME Place the nori sheets in the hot oven (no need for a roasting tray) and roast for 5-6 minutes until crispy. In a bowl, combine the gochunjang (to taste) with the BBQ sauce.

4. BASTED PATTY Place a pan over a medium-high heat with a drizzle of oil. When hot, fry the patties for 3-4 minutes per side until browned and cooked through. (This time frame will yield a medium-rare result.). In the final minute, baste with ½ the spicy BBQ sauce. Remove from the pan and set aside to rest for a few minutes before serving.

5. BUTTER THOSE BUNS Return the pan to a medium-high heat with a knob of butter or a drizzle of oil. When hot, place the halved buns in the pan, cut-side down. Toast for about 2 minutes until browned and crisp. Drain the pickling liquid from the cucumber.

6. DIG IN! Smear some of the kewpie mayo on the bottom bun halves. Top with the shredded green leaves, the pickled cucumber, and a juicy patty. Smear the other bun halves with some mayo and close up the burger! Pile the chips on the side, and drizzle with the remaining kewpie mayo and spicy BBQ sauce. Sprinkle over the sesame seeds and the chopped pickled ginger. Crumble over the roasted nori and indulge yourself!

Chef's Tip

To make sure your chips do get crispy, you may need to use two trays to be able to spread them out and avoid overcrowding.
